The First Decentralised Autonomous Insurance Organization?

1. Join and Get Covered

To get coverage you need to join a team. You may apply to several teams at once and join the one that proposes the best terms for you.

2. Vote or Delegate

As a teammate you can vote on everything: new members, rules and claims. But you don't have to – you can appoint proxies to vote on your behalf. 3. Pay and Get Paid

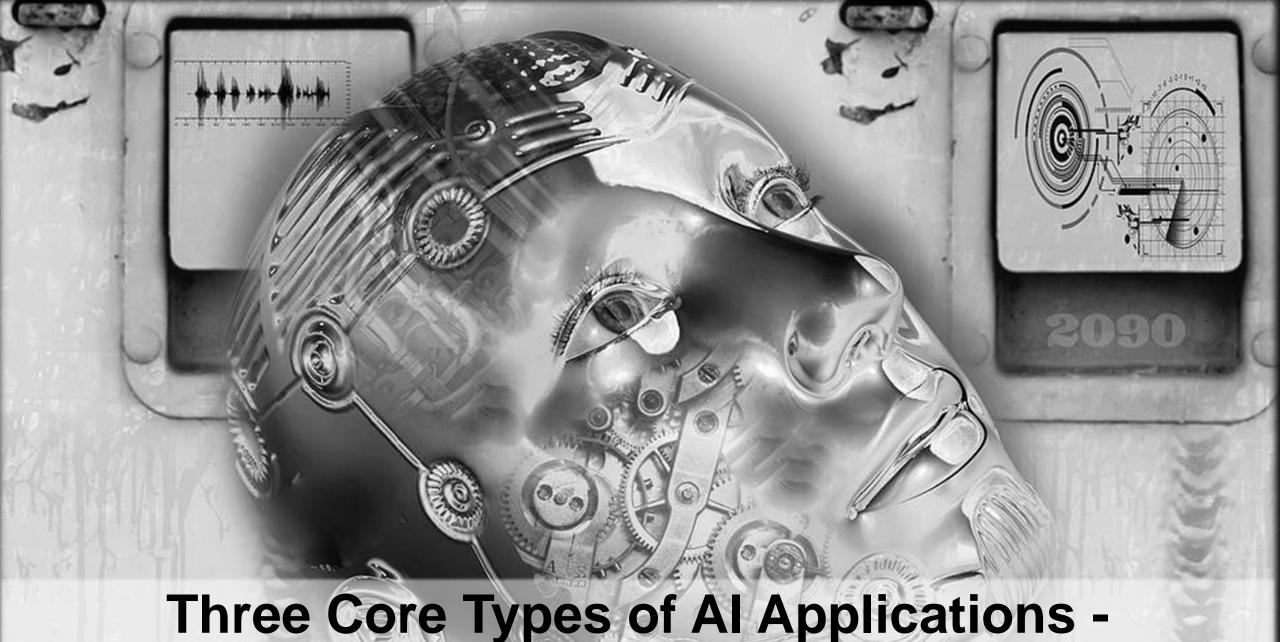

When the team approves your claim, you are paid directly from the teammates' personal wallets.
