

# EFCA Vision for 2023-2026

01 June 2023

# EFCA's Mission

EFCA is the Federation of European Engineering Consultancies that are planning, designing and delivering sustainable infrastructure, buildings and cities in Europe and worldwide.

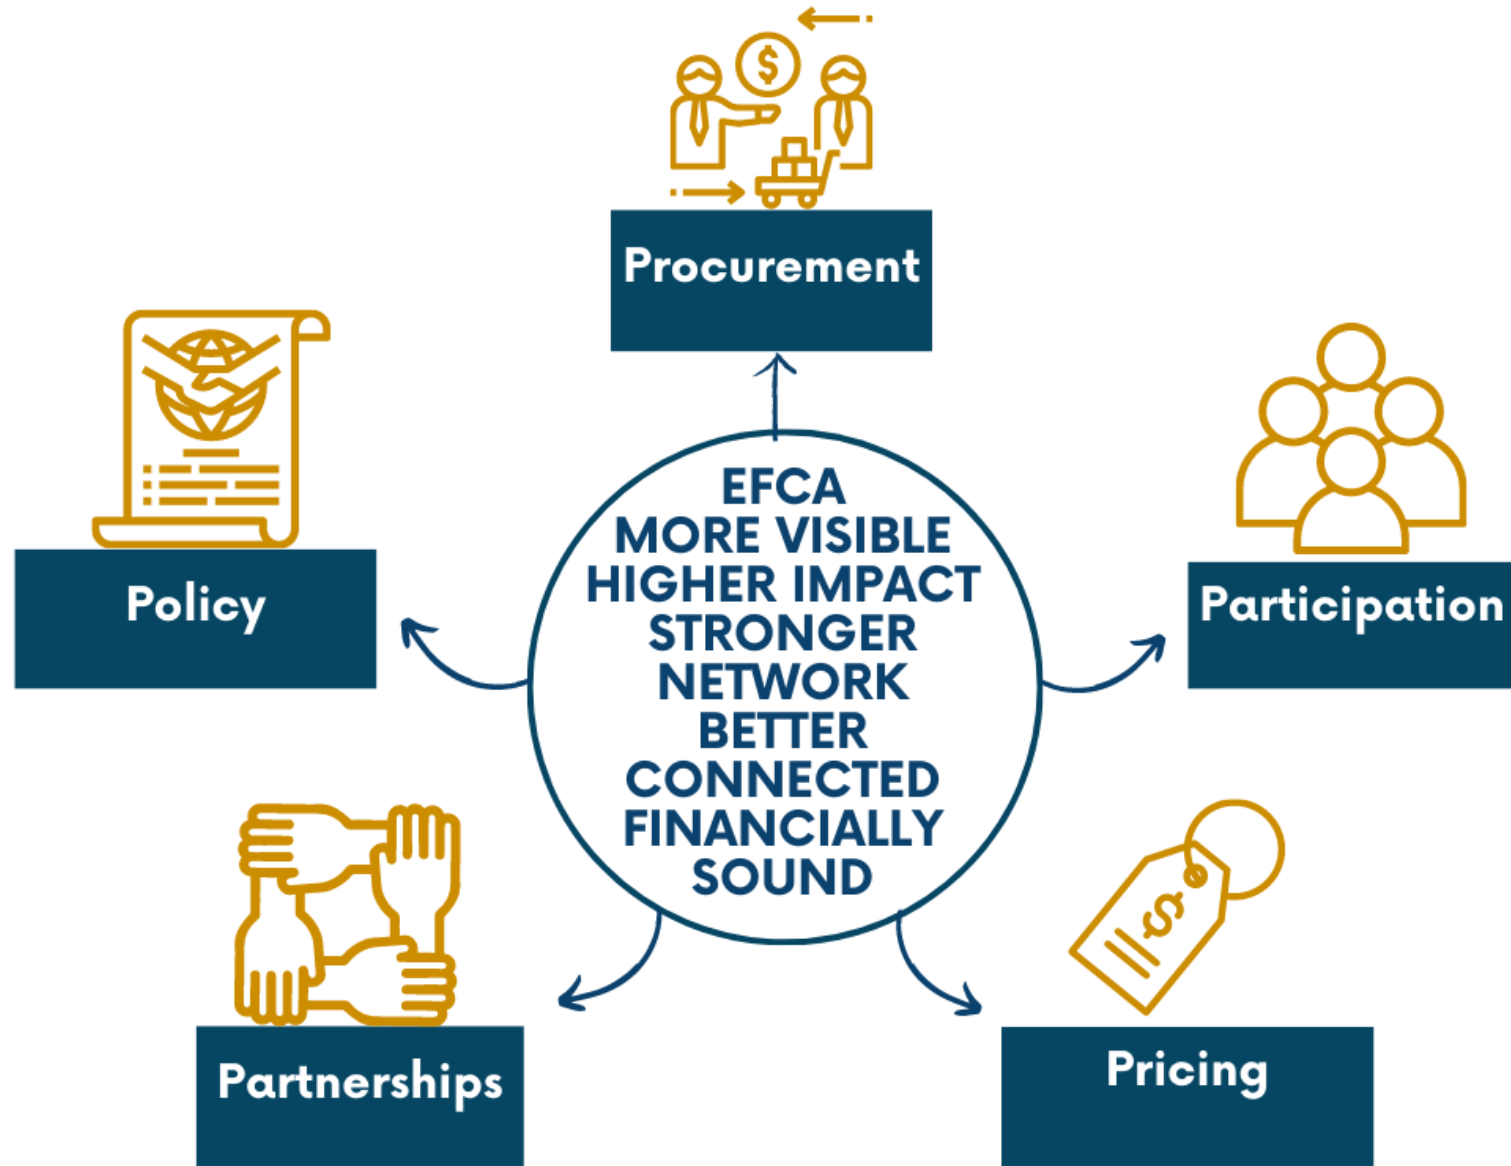

EFCA represents, promotes and supports critical players in the green, digital and resilient transformation of the economy providing professional consulting engineering services.

# EFCA's Strategy Axes

- a) **Monitoring EU policies** affecting the consulting engineering industry and advocating for changes from the **early stages**
- b) Advocating for **fair, transparent and harmonised contracting and procurement** conditions in EU institutions and more generally within the European market
- c) Being a network for **exchange and best practice** sharing for all players of the consulting engineering sector
- d) **Promoting European knowledge**, capacity and best practice in the global consulting engineering sector
- e) Acting as a platform for European views, experience and **cooperation with other European and international actors** of the wider construction ecosystem

# EFCA's Forward Plan

# Policy – taking into account EFCA’s concerns

## EU level

- Policy’s impact on our industry
- Early involvement in legislative process
- Recommendations & reality check
- Communication & visibility

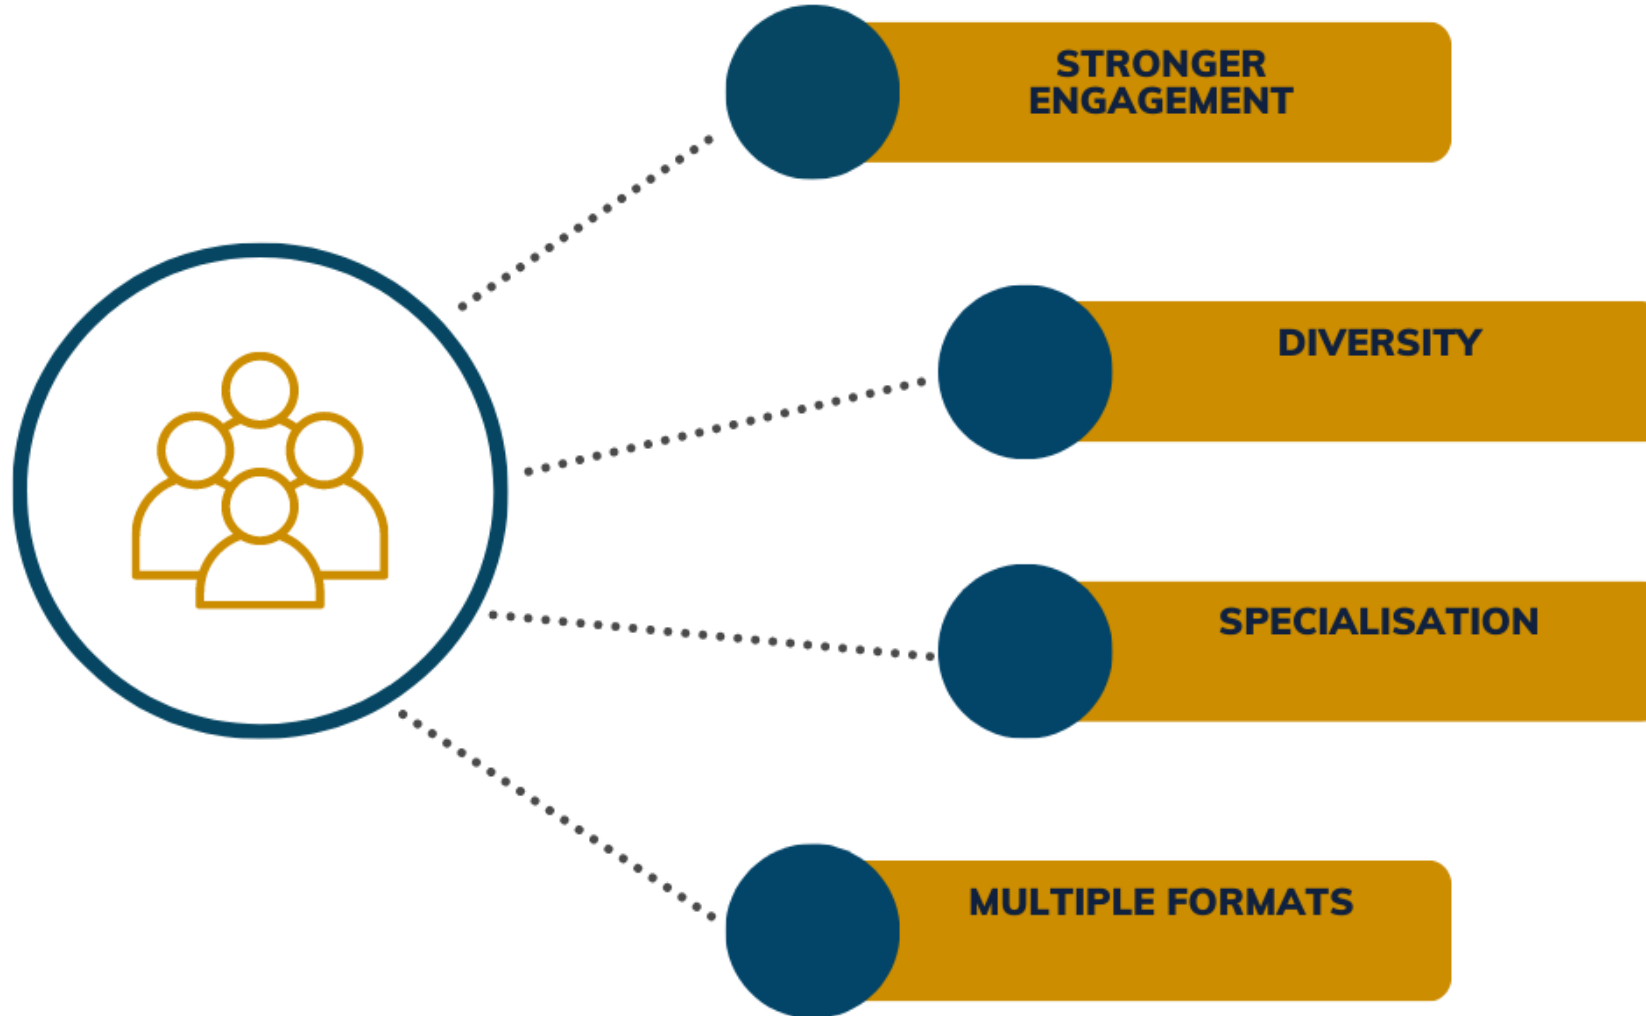

## National level

- Cooperation to influence national policies
- Engagement with companies

# Procurement – transparency, accessibility and fairness

# Participation

# Pricing

**Revenue**

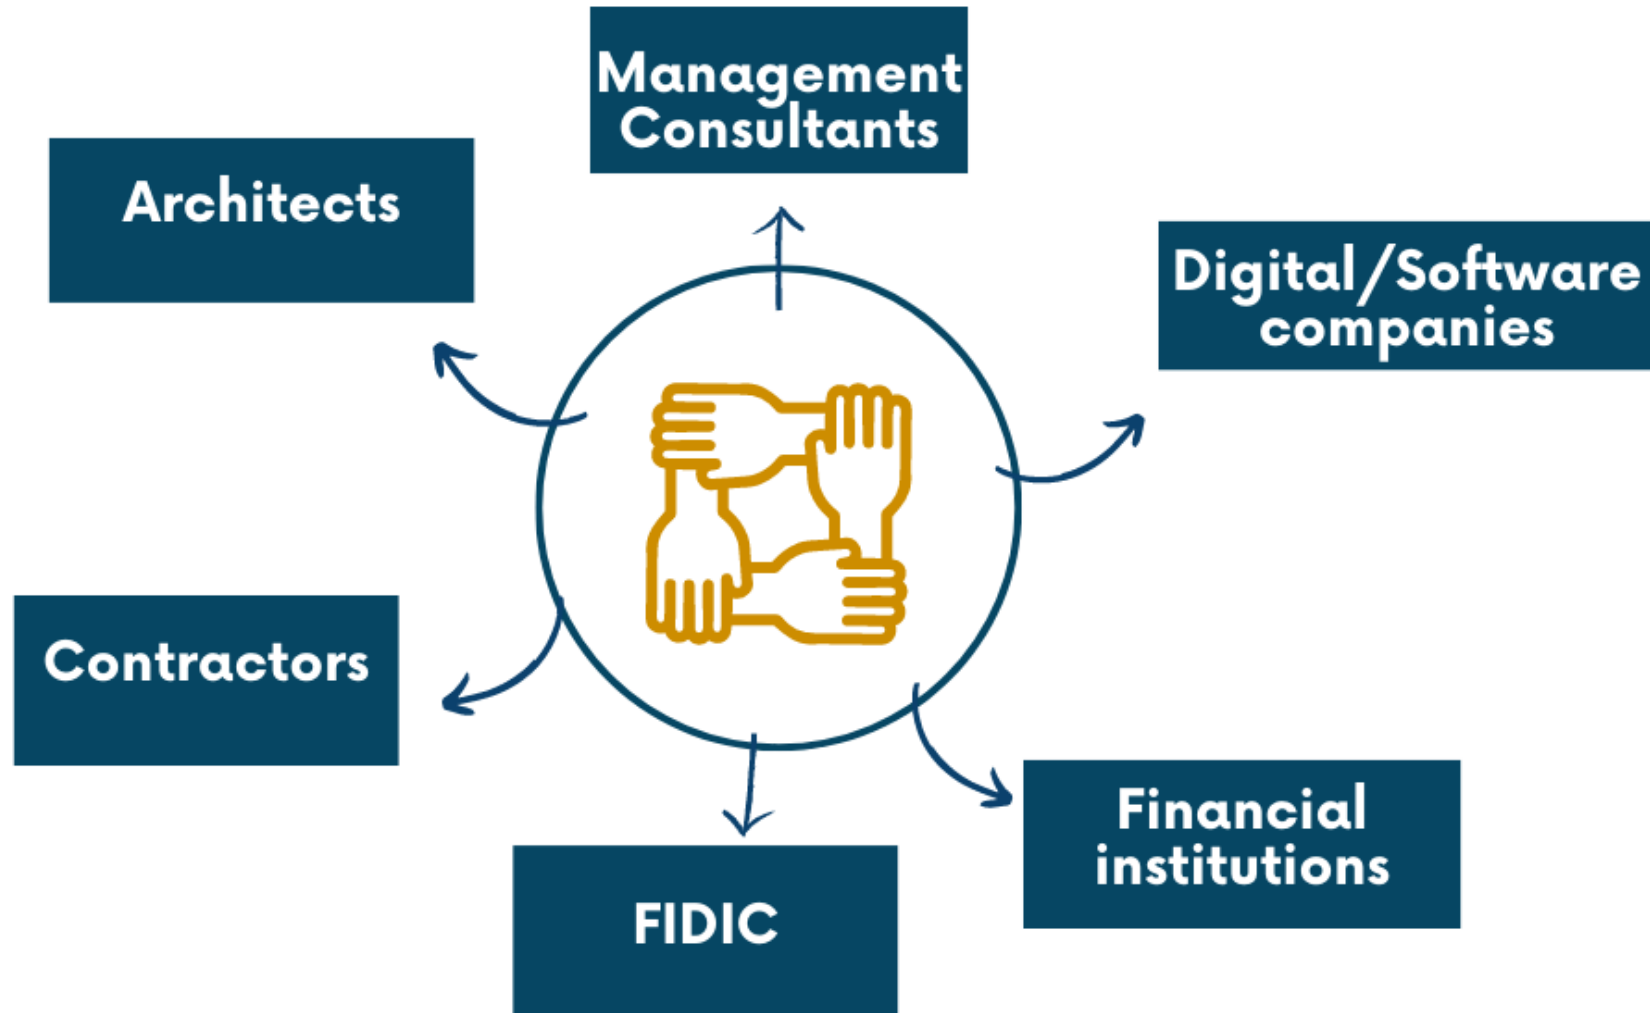

**Quality**

**Continuity**

# Partnerships – for greater impact

# Thank you!
